District census directors are reporting applications from many women for positions as enumerators. None of them are to be appointed unless it is shown that there are not enough returned soldiers for the jobs. This is a

case where preferences are being shown for male workers but under the circumstances this "preference" will not be accounted as unfair.

Not much is heard these days about the back to the soil movement. There are two reasons. The price of land has advanced so much that a man of little means has no chance of establishing himself in farming—that is, in the older communities—and besides, wages are so alluring in industrial centers that it has been hard to keep boys and girls on the farm to say nothing of dragging residents of the cities into rural life.

GROWING FRUGAL

A recent order made by some of the railroad managers indicates more of a desire to be frugal than has sometimes been the case. A year ago the railroad men were urging farmers to plant crops along the railroad right of way and made no charge for the land used. Now they still want land planted but there is a per acre rental charge, whether to employees or the general public.

The government has issued a threatening letter to the beet sugar growers telling them that

the maximum price that they can charge is 10c per pound. But just now it isn't so much a question of price as it is supply, and the people would like to know more about where they can get sugar than what they are to pay for it. While the government lays down the rules for both wholesale and retail sugar prices, some firms send printed offers all thru the country indicating that they are willing to pay at least 50 per cent higher than those authorized by the government. Possibly it is such offers that explain the present acute shortage.

WOMEN CAN VOTE

After all, women are to vote in the coming county election. They have no right to pick the county commissioner, or express their choice as to who shall represent the district in the constitutional convention, but they may vote on questions of public policy. These three questions of public policy, by the way, should be carefully scrutinized before election day so that voters may express their opinions and their will intelligently. Reviews of the three questions to be submitted will be soon available.

President Wilson yesterday sent a letter to the industrial conference urging suspension of the strike order until some compromise agreement can be reached that the president has recovered sufficiently to permit his sending such a letter should serve to answer finally the alarming stories about a "brain lesion." It now appears that there are three Rainey in congress. Correction was made recently to show that Congressman J. W. Rainey of Chicago had introduced a certain measure rather than Congressman Henry T. Rainey of the twentieth district. Now a member of the house has been chosen from Alabama whose name is Rainey. Strange to say, none of the three are related except by party ties, for all are Democrats.

A CHANCE FOR SERVICE

A well known authority on trees and shrubbery suggests that, contrary to the general view, the fall is the natural planting time for some trees and shrubs. The suggestion brings to mind the fact that one of the greatest needs of Jacksonville is trees—that is, new trees to replace those that are almost gone or have rotted away and left vacant spots in the beautiful rows that line most of the city's streets. Visitors posted on such matters occasionally call attention to the trees of Jacksonville and the danger that thru neglect much of the city's beauty may be lost in coming years. These suggestions arouse interest—for a time—but so far nothing has been done. It remains for some individual or some group of individuals to take the responsibility for this good work of saving Jacksonville's trees.

FRENZIED SPENDING

Shopgirls buying hats and shoes of high price, women of wealth insisting on 'the best,' bank clerks decorating their ankles with silk hose, carpenters going to work in automobiles, higher-priced theater tickets sold out—Chicago is indulging these days in an orgy of spending," says the Chicago Daily News. "Luxuries are being gobbled up faster than they can be produced," says the Federal Reserve Bank. "We can't get enough silk stockings and socks to supply the demand," says Percy E. Simon of the Western Hosiery Company. "Working girls are heavy buyers of jewelry," says William Juergem, manufacturing jeweler. Here you have the nub of the high cost of living, Prairie Farmer says until people get over the mad frenzy of buying things they do not need, they have no reason to complain about the cost of food.

MOST PEOPLE SANE

AND PATRIOTIC

There are a lot of wild-eyed agitators in this country now and undoubtedly radicals, if not in control, are the leaders in many organizations. Nevertheless the great majority of men and women in America are sane and patriotic enough to know the advantages that their government has by comparison with those of the old world. They know too enough about the difference between liberty and license to prevent their going to great extremes.

An evidence of this underlying knowledge of values, this appreciation of American institutions, was shown at Buffalo the other day. The communist party had a ticket in the field advocating common ownership of property and other ideas along the same line. The communists polled only 360 votes while there were 54,000 cast in the election. In several of the many strikes that have occurred in different parts of the country "reds" who have made inflammatory speeches and talked about revolution have been drummed out of camp.

Rippling Rhymes

By Walt Mason

Contented.
There's one who is contented—the bard who writes this poem—the men around have vented harsh language flecked with foam. I like the work I'm doing, the errands I'm pursuing, the kind of rags I'm chewing, the wreath upon my dome. I like the pay I'm drawing—it keeps me out of debt—tho' other guys are jawing about the wage they get; I like the way I'm dining; I have no cause for whining altho my face is shining and damp with honest sweat. I like my little cottage, it's humble, but it's nice; I like my frugal potage, composed of minces and rice; I like the lyre I'm thrumming, I like the book I'm thumbing; I'll have no kick a-coming until I'm placed on ice. I like the Autumn weather, before the winter wakes; I like the kind of leather of which they make our steaks; this world is good to stay in, to put up wood and hay in, to work around and play in, and all complaints are fakes. Oh, evils are existing; I've known it all along; I'm weaning and I'm wisting that many things are wrong; but beeing will not cure them, or help me to endure them, and so I just abjure them, and sing my dippy song.

LOCAL POST NOW HAS 151 MEMBERS

Membership of Jacksonville Post, American Legion, is Growing—Meeting Held Last Night.

The regular meeting of Jacksonville Post of the American Legion was held last evening at the court house with a fair number of members in attendance. Temporary Chairman Richard Y. Lowe called the meeting to order. During the evening reports were heard from John W. Larson and Ordain Fox who were delegates to the state convention of the order at Peoria. H. P. Green, as chairman of the permanent membership committee reported that there were now 151 members in Jacksonville Post. After some discussion of matters referring to the securing of permanent quarters and of increasing the membership of the local organization the meeting was adjourned.

Ladies' Aid of Hebron church will serve chicken pie supper Thursday, Oct. 23, commencing at 5 p. m. Proceeds to furnish a room at Passavant hospital. All come.

MISS RIDDER BRIDE OF JOHN HERMES

Young People Married at Church of Visitation at Alexander Tuesday Morning.

Alexander, Oct. 21.—The marriage of John Hermes and Miss Frances Ridder occurred here this morning at nine o'clock at the Church of Visitation, low mass being said by Rev. F. A. Lucius. The bridal couple was attended by Miss Rose Hermes, a sister of the groom and by William Ridder, a brother of the bride. The bride was attired in a white dress, wearing a wreath and veil, and carrying a bouquet of white roses. Miss Hermes also wore a dress of white and carried a bouquet of red roses. There was a large number of relatives and friends present at the church to witness the ceremony.

Mrs. Hermes is the daughter of Mr. and Mrs. Stephen Ridder, residing a few miles south of Alexander and is a young woman of much personal charm. She is an accomplished musician and vocalist.

Mr. Hermes is the son of Mr. and Mrs. Matt Hermes of near New Berlin. He is a farmer by occupation and is a man who commands the respect of all who know him.

Following the ceremony at the church a wedding breakfast was served at the home of the bride's parents for a number of the near relatives of the two families.

Mr. and Mrs. Hermes will reside on a farm near New Berlin where the groom's parents now live. Mr. Matt Hermes expects soon to retire from active farming and his son will manage and farm the land. Both of the young people have a host of friends in the vicinity in which they reside who will extend best wishes and congratulations to them at this time.

J. O. REXROAT HOLDS CLOSING OUT SALE

Auction is Attended by Large Crowd—Satisfactory Prices Prevail on all Articles Offered—Mr. Rexroat to Move to Jacksonville.

The public sale held by John O. Rexroat, at his farm west of Litterberry Tuesday was largely attended and practically all of the items offered for auction brought good prices.

Lunch was served by the Ladies' Aid Society of the Baptist church of Litterberry. Merle Beddingfield was the auctioneer and C. E. Rexroat, clerk. The sale totalled approximately \$2,500.

Mr. Rexroat recently purchased the Thomas Scott residence property on Pine street in this city and plans to remove to Jacksonville with his family the second week of November.

Some of the buyers and prices are given herewith:

Ed Charlesworth of Arenzville was one of the biggest buyers at the sale, purchasing a cow for \$68, heifer \$37, calf \$46, another calf \$37, steer \$91, another steer \$85, steer \$80, and one at \$60.

Henry Hagener of Arenzville, one red cow \$91.

Lee McGinnis of Arenzville, Angus bull \$70, heifer \$53, cow \$66, cow \$75.

Willard Young of Litterberry, heifer \$55.

Harry Harper, cow \$46, cow \$53.

Shoats averaged \$16.57 each and were purchased by Lee McGinnis and George Roach.

Baled hay sold to Arthur Crum. Henry Hagener purchased the at \$1 per bale.

sheaf oats offered at 66 cents per dozen.

Farm implements and household furniture sold well.

WHEN MEALS HIT BACK

"Pape's Diapiesin" instantly Ends Indigestion, Sourness, Stomach Acidity

Are lumps of undigested food causing you pain? Is your stomach acid, gassy, sour, or have you flatulence, heartburn? Then take Pape's Diapiesin.

Just as soon as you eat a tablet or two of Pape's Diapiesin all that dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant, harmless tablets of Pape's Diapiesin never fail to make sick, upset stomachs feel fine at once, and they cost very little at drug stores.

AN EARLY SHOW DOWN IN TREATY FIGHT LOOKED FOR

and which they submitted to Re-
publican Leader Lodge.

Taft's Plan.

Former President Taft's sug-
gested reservations are as fol-
lows:

"The United States assumes no
obligation under the provisions of
Article Ten to preserve the terri-
torial integrity or political inde-
pendence of any other country or
to interfere in controversies
among other nations whether
members of the league or not un-
der any article of the treaty for
any purpose, to employ the mili-
tary and naval forces of the Uni-
ted States except as in any particu-
lar case, the congress which under
the constitution has the sole pow-
er to declare war and to author-
ize the employment of the mili-
tary and naval forces of the Uni-
ted States shall by act or joint res-
olution so specifically determine.
"The senate advises and con-
sents to the treaty with the under-
standing and reservation as part
of the instrument of ratification
that under article one of the cov-
enant of the league of nations,
no self-governing dominion or
colony of the British Empire, of
France, of Italy, of Japan, of the
United States or of any other na-
tion whose representative is al-
ways a member of the council can
have a representative on the coun-
cil and with the further under-
standing and reservation that the
exclusion of the parties to the
dispute in Article Fifteen from
the council or assembly when
hearing such dispute, includes
both the mother country and her
self-governing dominions or col-
onies, members of the league,
when either such mother country
or dominion or colony is a party
to the dispute."

FRENCH COTTON REQUIREMENTS LARGE

Atlantic City, N. J., Oct. 21.—
French cotton requirements for
the next year will total 1,000,000
tons of which 700,000 or 800,000
tons must come from the Amer-
ican crop, American textile men
were told today by Arthur Vad-
slington of the French delegation.
He pointed out that the recon-
struction of French factories and
the reconstitution of her achin-
ery, all of which is provided for
by the government and is to be
paid from the German indemni-
ties will enable her mills to re-
sume 100 per cent pre-war pro-
duction in 1920.

NAVY WILL RELEASE SUGAR TO PUBLIC

WASHINGTON, Oct. 21.—Ad-
vised that the navy department
has in reserve 9,000,000 pounds
of sugar, Secretary Daniels today
intimated that he would release
one-third of the stock of 3,000-
pound pounds for public use to re-
lieve the situation resulting from
a nationwide shortage of the
commodity.

The present supply of the navy,
Secretary Daniels said, was suffi-
cient for six months. As only
a three months' surplus usually
is kept on hand, Mr. Daniels in-
dicated it would be unjust to retain
more than that amount now when
the entire country is experiencing
a shortage.

The war department, however,
unlike the navy, found today that
its supply was barely sufficient to
last until December 15.

Quartermaster General Rogers
accordingly wired all zone supply
officers that sales of sugar to any
one person in the service must be
limited to six pounds a month and
to not more than 24 pounds a
month for each family.

BUDGET BILL PASSED BY HOUSE

WASHINGTON, Oct. 21.—A
bill creating a budget having ju-
risdiction over all department es-
timates was passed today by the
house and sent to the senate.

The vote on the bill was 284 to
2. Representatives Moon, Ten-
nessee and Blackburn, Alabama,
D., voted in the negative.
The measure will reach the sen-
ate in practically the same form
as it was reported by a special
committee appointed during the
summer to frame such legislation.
The important changes in the
present method of estimating de-
partmental appropriations as em-
bodied in the bill are:

All departments must submit
estimates to the budget bureau
for approval before being sent to
congress. An independent audit
of all department accounts is pro-
vided with a comptroller and as-
sistant comptroller appointed by
the president to conduct the audit
and abolishment of the present
auditors and consolidation of
their work under the comptroller.

GERMANY RAPIDLY RECOVERING FROM WAR

NEW YORK, Oct. 21.—Ger-
many is recovering from the war
more rapidly than any other Eu-
ropean country and now threatens
to divert our foreign trade to
their own gain. Dr. E. E. Pratt,
formerly chief of the bureau of
foreign and domestic commerce of
the department of commerce made
this declaration at tonight's
meeting of the New York Round
Table.

"German salesmen are to be
found in all the countries immedi-
ately surrounding Germany," Dr.
Pratt said. "German manufac-
turers and merchants are offering
prompt deliveries and long term
credits. If we continue to in-
crease our cost and raise our
prices she will take away from us
certain of our best markets."

WILSON PLEADS FOR AGREEMENT IN TRADE PARLEY

is allied with organized labor and
that the phrase excludes all but
American Federation of Labor or-
ganizations. It was said that the
reference was to J. J. Forester,
alterate for Bert M. Jewell, act-
ing president of the railway em-
ployes department of the feder-
ation. The right to organize for
the purpose of collective bargain-
ing Mr. Gompers continued is the
one question in controversy—
"the one thing the working people
of the United States are going to
achieve."

A hush fell over the crowded
auditorium as the labor leader
squarely facing the employers' wing
and shaking his finger toward
the representatives of American cap-
ital.

"If you do not bear with us in
an effort toward construction, if
you think it impossible for us to
secure relief for the suffering
masses of American labor, if you
insist on contesting with us every
inch of the ground in our battle
for better conditions, if you deny
us the rights of organization, if
you render our work finally im-
potent, you may destroy us but
you will find yourselves facing
something else, something worse,
and you may come to rue the day
that you destroyed the saneness
and the willingness to serve that
has and does characterize the of-
ficials of American trade union-
ism, today."

Concluding with the statement
that altho the conference may fail
to satisfy the real needs of the
labor movement, would continue
to flourish and "whatever may be
denied today, we will win tomor-
row."

URGE BETTER WORKING CONDITIONS

Chicago, Oct. 20.—Miss Pauline
Goldmark, manager of the
Women's Section of the division
of labor of the railroad adminis-
tration conference here today
with her field agents and railroad
officials to plan better working
conditions for women railroad
employees.

"There are 85,000 women
working on steam railroads today
and they are making good," she
said. "Last October before the
armistice was signed there were
100,000 women railroad em-
ployees."

high school in the class of 1918 and subsequent to this she was employed by the Courier Co., for a number of months. She is a young woman of great personal charm and worth and has a host of friends in this city and county.

Mr. McFarland is a son of Mr. and Mrs. A. W. McFarland, who are well known residents of the county. He attended the Jacksonville high school and later finished a course at the Business college. He entered the army service in June, 1918, going with the Morgan county contingent to Camp Taylor. After a brief training period he was sent to France as a member of the 32nd division, and saw a number of months of active service at the front. Since receiving his discharge from the army service he has been associated with his father in farming operations.

Mr. and Mrs. McFarland returned to Jacksonville late Tuesday and at once went to their home west of the city. Their many friends unite in hearty congratulations and wishes for a happy wedded life.

Deaths

Condon.
James J. Condon died at the home of his grandmother, Mrs. Eliza Condon, 527 Hooker street, Monday morning at 5:25 o'clock. He had been ill only two weeks. Deceased was born near Harts in Scott county April 30, 1866, and came to Jacksonville with his parents when one year of age. He is survived by his mother, step-father, J. A. Tapscott, and two sisters, Mary Elizabeth and Helen Louise. He also leaves his grandmother, Mrs. Condon, an uncle, Jerry Gordon and an aunt, Mrs. Mary Nunes of East Independence avenue.

He attended the parochial schools of the city being in the sixth grade at the time of death. He was a faithful member of the Church of Our Savior and was well liked by all who knew him. Funeral services will be held from the Church at 8:30 o'clock this morning. Burial will be in St. Mark's cemetery, Winchester.

Plank.

Elmer T. Plank died at the Home Sanitarium at 1:30 o'clock Tuesday. He had been in failing health for some time and his death was not unexpected.

Deceased was born in Cass county January 18, 1870. He was united in marriage to Miss Sarah Middaugh December 9, 1896. To this union five children were born two dying in infancy. There survive, Mrs. Edith Nergenah of the Concord neighborhood and Lena and Glenna at home.

Following his marriage Mr. Plank removed to Pike county, near Versailles where he resided until six years ago when he returned to the Joy Prairie neighborhood, residing at the time of his death two miles west of Joy Prairie station.

Mr. Plank was a member of the M. E. church at Concord for many years. He was also a member of the Modern Woodmen. He followed the occupation of farming and was accounted successful in that calling and was a man highly respected by all who knew him.

The remains were removed to the undertaking rooms of Williamson & Cody and prepared for burial.

Funeral services will be held from the M. E. church in Concord Thursday afternoon at 12:30 o'clock in charge of the Rev. Thomas Symonds. The remains will then be taken to Mt. Zion cemetery near Versailles for interment.

IN THE RAILWAY WORLD

Today's arithmetic lesson, from the Bonner Springs Chieftain: "Every time a strike is added, production is subtracted, classes are divided, and the high cost of living is multiplied."

Ruskin's homily on "Toil" has been paraphrased as follows: "If you want knowledge you must wish for it; if food you must steal for it; if pleasure you must jazz for it; and strike is the law."

It is said that a teacher in one of the Jacksonville grade schools was explaining to her pupils the meaning of the word "grace" as it is often used and asked the school this question: "What is the first thing your father says when he sits down at the dinner table?" An observing youth replied: "Go slow on that butter—it's sixty-five cents a pound."

A Cincinnati woman says she has attained the age of 100 years by going to bed regularly at 10 o'clock at night and rising at 2 in the morning. Most girls accomplish the feat of looking to be 100 by the simple process of going to bed at 2 and getting up at 10 in the morning, and beat the Cincinnati woman's record by seventy years.

"The war," thinks the University Missourian, "divided Americans into two classes, those who did their bit and those who made their bit." But there are a lot more among the latter who are entitled to medals for untiring and almost superhuman effort.

"Don't let your car lead you away from church," is the plea of a Morgan county minister to his flock. But it must be admitted that a man who owns a Morgan county farm and a motor car has mighty little left to pray for.

The badge of membership in a new "old clothes club" in Sioux Falls, S. D., is a patch and the password is "Darn." In case one of the badges slips off at an inopportune time, a new password will readily suggest itself.

It is reported that the anti-vice army is growing. Many of the biggest guns in town, however, are in the opposing army.

"Me and wife, we've got a system for bringing up our fourteen children, that works finer than frog-hair," admitted Gap Johnson of Rumpus Ridge, Ark. "I do all the cussing, wife does all the worrying, and the children do just about as they darn please."

His Rebellion.

Once there was a lop-eared, dandified gent who had never played a game of chance, never flirted, never witnessed a theatrical performance after "Uncle Tom's Cabin" and "Ten Nights in a Barroom" ceased to infect the Town Hall, nor used tobacco in any form, and for twenty-seven long years went to oyster suppers, select readings, helpful lectures, the lyceum course and the chautauqua, till no one suspected that he had any more notion of straying from the straight and narrow way than a load has of growing feathers. But when it was least expected he kicked over the traces and ran plumb wild. Why, dear suzz, he just up and brazenly declared one afternoon that he wasn't going that night to listen to Our Pastor tell about his travels in the Holy Land illuminated by a magic lantern with slides with cracks across 'em. He said he had grown tired of dissipation, and didn't enjoy a wild and reckless life like he used to.

Getting In and Getting Out

We read in the paper some morning that marines have been landed in a Central American state and we pay no attention to the item. It doesn't interest us particularly. A few days later a revolutionary force has attacked the marines and troops have to be hurried to their re-enforcement. Without any intention on our part to take charge, we find in the course of a few months we have established a virtual protectorate.

We may not enjoy it but nobody protests. The Americas are our job. We are responsible to the world for their order.

If we should send soldiers to Europe and Asia under the mandate of the League of Nations it would be a different matter. We should become involved just as

CONFERR RANK OF ESQUIRE

Jacksonville Lodge No. 152 conferred the rank of Esquire on Emmett Miller at the regular meeting Tuesday evening. Following the work some excellent talks were made and refreshments and a smoker enjoyed.

RATHER QUIET.
Tuesday was remarkably quiet in business circles, the friends from the country evidently having more urgent business at home. The roads are good and the weather was perfect but those attractions failed to work.

DIVORCE SUIT FILED.
A suit for divorce has been filed by Willis True against Carrie True, for hearing at the November term of court. The bill as filed by J. O. Priest, attorney, shows that the two were married Dec. 10, 1906, and lived together until the present month. Cruelty is the charge made.

WEDDING ANNOUNCED
Invitations have been received in Jacksonville for the marriage of Miss Helen Gladys Miller to Mr. Lowell Oscar Gill. The ceremony will be solemnized Monday, Nov. 3, at the Miller home, 1332 North Water street, Decatur. Miss Miller is a daughter of Mr. and Mrs. James W. Miller, until recently residents of this city. Miss Miller, who for a number of years was a student in Jacksonville, subsequently graduated from Millikin university. The families of both Miss Miller and Mr. Gill are well known in Decatur.

Wanted—Lady clerk in our dry goods Dept. Floreth Co.

SOME REMARKABLE CORN
Miss Irma Sibert of this city has received from her uncle, Elmer J. of Wheatland, Wyoming, some samples of Rainbow Flint corn produced without irrigation. That is all the young lady knows about the grain which may be seen at the Journal office for a few days. It is probably a short season article as the summer are short away up in that part of the country.

PROBATE COURT.
In the estate of Isaac M. Tindall, matters relating to administration were satisfactorily settled. The objections to the appointment of E. M. Tindall were withdrawn and the court ordered letters to issue to Gregg L. Tindall and Edward M. Tindall. Bond was fixed in the sum of \$500,000.

In the estate of Thomas Rudkin, the will was admitted to probate.

PARK BOARD IN REGULAR MEETING

Orders Shrubbery Cut Around Pavilion and Along Drives—Other Matters Given Attention.

The park board met in regular session last evening with Members Brennan and Gomes present with President Nichols in the chair.

For some time the shrubbery on the west side of the driveway south of the bridge has been a menace to safety as autos rounding the curve are in much danger of collision and the superintendent was instructed to remove it.

The shrubbery south of the main pavilion has become so dense and overgrown that it hides most of the view from the porch and the superintendent was instructed to remove the most of it, leaving a few hydrangeas as deemed best.

The superintendent reported great shortage of parking room for cars in the vicinity of the large pavilion and he was instructed to take away the shrubbery, widen the road north of the pavilion and provide a large amount of parking space there, the cars to go in diagonally as on the public square and invariably to leave the park by the east drive.

A lot of undesirable shrubbery a short distance from the west entrance was reported. It is a great menace to safety and is not at all ornamental and the superintendent was instructed to remove it.

The superintendent said he had plenty of pipe and one automatic sprinkler which would come out of Central park and he recommended the construction of two circular flower beds of suitable size immediately north of the large pavilion. An automatic sprinkler could be bought reasonably and the watered far more cheaply than by wagon and he was instructed to prepare the beds.

The superintendent reported that he was using the scraper recently authorized in removing mud from the north side of the lake and reclaiming some land which is a good piece of work.

It had been found that the walks entering the park north of the large pavilion crossed the driveway and often to the great danger and annoyance of pedestrians and it was decided to continue the walk on the west side of the driveway to connect with the one leading from the large pavilion westward so the danger will be obviated.

As the cinder walk west from the large pavilion is so very little used it was decided to do away with it as it is much in the way of lawn mowing, use the cinders for the proposed walk west of the driveway and sod over the cinder walk.

The superintendent reported that more storage for implements was needed and he said he could cut the shed roof adjacent to the barn in two and move the structure to the rear of the old deer house and thus at a small outlay make a desirable structure and he was so instructed. The barn will be wrecked and the lumber saved.

The chair reported the announcement of Mr. Fernandes that he would begin Monday on the foundation in Central park for the soldiers' monument. The chair said he had been informed that the park board could do what it pleased with the welcome structure there and it was voted to remove it without detriment to the park and expense to the board.

Look Out for Your Dogs.
The superintendent reported an attack of dogs on a swan in the park, the bird only escaping by being near the water. Hereafter all dogs found in the park not in leash with the owner will be killed. Please take notice. One of those beautiful swans is worth more than all the curs in the city.

PROSPEROUS URANIA

Two weeks ago Urania Lodge No. 243, I. O. O. F., had a booster banquet and then each member constituted himself a missionary or ingatherer for the worthy organization. Where all pull together as in this case, something is very likely to happen and it did happen abundantly. Monday night the lodge balloted on and accepted 28 petitions and received five more to be acted on at a future meeting.

It is the intention to confer the first degree Monday night and to that affair invitations have been sent to many adjacent lodges in this county as well as in Cass and Scott. It is intended to make the affair a red letter day in the history of the lodge. There will be a banquet after initiation and of this part the committee in charge is composed of Charles Goody, Albert Fernandes and George Barner. At the coming session of the grand lodge at Springfield the state officials will confer the third degree and it is expected that there will be a thousand candidates of whom Urania expects to send fifty.

GENEROUS CHRISTMAS GIFTS

For twelve years the Congregational church of this city has supported a foreign pastor and most of the time the place has been satisfactorily filled by Rev. Leonard Christian at Fochow, China. Mr. Christian is ably seconded in his noble work by his capable wife, who especially looks after the children and each Christmas the church sends a lot of gifts for the far away little folks. The offering consists of money, toys, dolls, pictures and anything appealing to the childish mind and they make many little hearts happy in the great city by the Min river.

No doubt some will say "Better care for the poor at home." But in reply it can be truthfully stated that the people of that church are not remiss in home duties while of course no one does all he can. However it is generally a very safe guess that the person who decries foreign missions and holds up home duties does little for either. Whenever a man bewails the needs of people at home he is very apt to be condemning himself for if he and others did their duty the sufferers at home would all be cared for.

PUBLIC SALE

HENRY VANNIER.

A STRONG INDORSEMENT

East St. Louis, Ill.
Rev. George H. Yule is one of God's noblemen—a man of deep convictions, clear conception of gospel truth, able in the presentation of the Word and consecrated in life and service. He is a Master in the pulpit, scholarly, cultured, and inspiring. He is a man who loves men, and his burning zeal and ardent faith wins them for Christ.

His work both as pastor and evangelist has been marked by marvelous success. While sound in the faith of our fathers, he is in the broadest sense a modern man.

L. D. LAMKIN.

WILL MEET TODAY

The October Ladies' of Northminster church will hold their birthday meeting with Mrs. Josephine Goveia, 866 DuPont avenue this afternoon at 2:30 o'clock.

WEST SIDE ART CLUB

The ladies of the West Side Art Club were royally entertained by Miss Mary Johnson and Mrs. Stella Shannon at their last meeting. Delicious refreshments were served. The next meeting will be held with Mrs. Lizzie Fountain at the home of the latter at 614 Fayette street on Friday, Oct. 24th.

**Big Lot of
HAY FEVER JOKES**

But Kentucky Man Says—"People Who Belong to Hay Fever Society are Kidding Themselves."

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of mentholized Arcine and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcine say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco, Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm sleep, new courage and a mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days rise with clear mind, definite purpose and loads of ambition.

All you have to do is take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

NOTHING like following up a good start with a good smoke—Chesterfield.

No ordinary cigarette, this. Mellow as old friend, but rich with flavor—the kind that goes right to the spot.

Our own buyers in the Orient select for the choicest Turkish leaf. We blend with this several varieties of specially selected domestic tobacco. This blending—by secret method—brings out new qualities of flavor that other and less expert methods fail to find.

That's what we mean by "satisfy"—entirely new kind of smoking enjoyment that you get in Chesterfields only—nowhere else; for the blend is a closely guarded secret. It can't be copied.

WELL KNOWN WHITE HALL RESIDENTS WED

Marriage of Henry Hough and Miss Lottie Munger solemnized Monday afternoon at W. S. Corsa Home—Will Reside in Hardner, Kans.

White Hall, Oct. 21.—The marriage of Henry Hough and Miss Lottie Munger was quietly solemnized at noon Monday at the home of Mr. and Mrs. W. S. Corsa on Gregory Farm, the ring ceremony being performed by Rev. A. F. Ewert in a very impressive manner. The bride was attired in a dark blue cloth gown. The only witnesses were Mr. and Mrs. Corsa and their daughter, Miss Elizabeth. The couple went to Carrollton in an auto following the serving of a wedding breakfast, and from Carrollton they left on the evening train for Hardner, Kansas, their future home, via St. Louis, where Mr. Hough has for a number of years been managing the D. D. Peirson ranch.

It was exceedingly fitting to hold the event at Gregory Farm, with which both bride and groom have had more or less connection the greater part of their lives. Mr. Hough migrated here from New York when a youth, and he has spent the most of his time with the live stock department of Gregory Farm, his first employer being the late James Gregory, whose sterling and kindly character became a benediction to the then struggling youth, and he developed into a man of the highest integrity. All through the years he has more than made good the trust reposed in him, and his connection with the D. D. Peirson ranch for the past several years has practically retained him with the original Gregory family.

The bride is a daughter of the late John Munger, an authority on horses, whose first connection with Gregory Farm dates back probably to the time when Mr. Hough came here. The Munger family came to town when his health would no longer permit his activities among the horses, and here he died about twelve years ago. Miss Lottie is their only child. These circumstances brought the couple together under circumstances that makes the arrangement of the nuptial event of impressive significance. The bride is a member of the ladies' society of the Presbyterian church where she is held in the highest esteem, as well as among all with whom she has an acquaintance, and on Saturday last a shower in her honor was held at the home of Mrs. C. A. Buckel.

Complex Organization
Mayor F. N. McLaren completed today the organization for a drive for the sum of \$350.00, White Hall's quota of the Roosevelt memorial fund. The mayor has placed a subscription book in the hands of J. P. Porter at the White Hall National Bank, George Hill at the First National Bank, T. N. Rose at the People's Bank, H. W. Shirley at the White Hall Sewer Pipe & Stoneware Co., R. G. Smith, and such assistants as he may name at the schools, and miscellaneous subscriptions will be taken by E. C. Boehm, R. B. Pearce and E. J. Crabtree. The campaign will be carried out in conformity with the national committee, interspersed with appropriate services next Sunday at the various churches.

Dr. and Mrs. Frank Ladd of Lincoln, Neb., are calling on relatives and friends at White Hall on their first visit in several years. Dr. Ladd is a son of the late Timothy F. Ladd.

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that beauty of face and figure depends on womanly health.

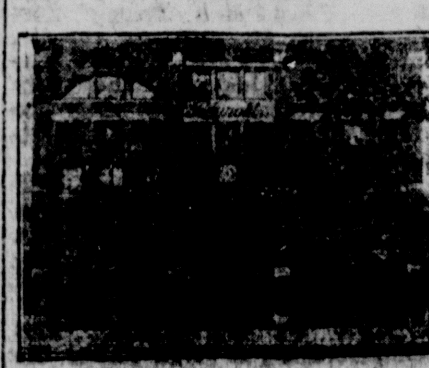

What is it that makes our American women often pale, sallow-faced, with dark circles under the eyes, and very often old a forty-five when they should be in their prime?

Women suffer in girlhood from backache, spine-ache and headaches, followed by irregularities and as a result disease of the womanly organs are more common than any one but a physician in active practice could suppose.

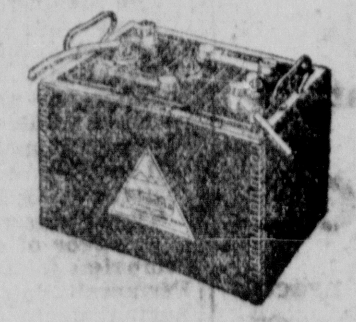

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation without a particle of alcohol contained in it.

When a woman complains of backache, nervousness, or when everything looks black before her eyes—a dragging feeling, bearing-down, with nervousness, she would turn to this "temperance" herb tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid form. Dr. Pierce, of Lowell, Mass., will send a trial size of the tonic for ten cents.

Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling. "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squirts at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

When Grandma Used to Cure Your Colds

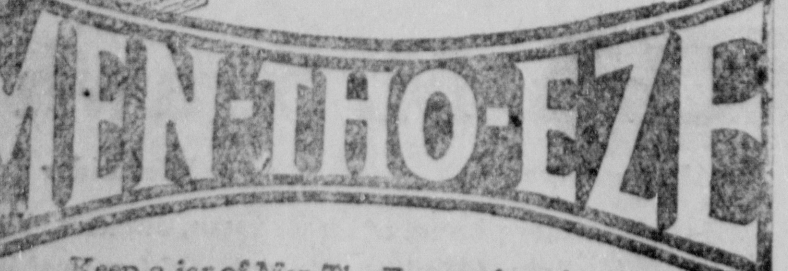

goose-grease and turpentine were all she needed—but they cured colds. Now science has added to and strengthened her good old remedy so that it gives

Relief in 20 Minutes

Science added Menthol, Wintergreen and other healing oils, the fumes of which, inhaled, give instant relief inside, where the real irritation is. At the same time the goose-grease and turpentine set up a counter-irritation that draws away the soreness.

Wonderful relief is felt almost instantly by the inflamed lungs, throat and nasal passages.

MEN-THO-EZE is the name of this new-old remedy—a positive relief for the simple ailments and a first-aid for the more serious ones. It relieves the most stubborn cold, usually with one application. Fever subsides, the phlegm is loosened and restful, healing sleep follows.

Keep a jar of Men-Tho-Eze ready at hand. It will prove a godsend. In opal jars, 30c and 60c

HE COULDN'T WALK A STEP FOR WEEKS

Gains Thirty Pounds and Ends Rheumatism After Taking Tanlac.

"I feel at least twenty years younger than I did when I commenced taking Tanlac, and I have not only gotten rid of twenty years of suffering, but I have gained thirty pounds in weight, and am as well and strong as I ever was in my life," said R. G. Plunkett, a well known employee of the Montgomery Ward Co., and who lives at 1103 South 11th St., Springfield, Ill., the other day.

"I am sixty-seven years old," he continued, "and a medicine that will do that much for a man of that age, and especially after having suffered for so many years, deserves all the good things that are being said about it. The condition of my stomach had gotten so bad that every time I ate anything I would suffer like everything afterwards with cramping pains. But this was not the worst of my troubles. My kidneys were out of order all the time, and the pains across the small of my back were something awful. Why, sometimes I would be out in the yard and this pain would hit me and I would have to call for someone to help me get back in the house. Then on top of all this, I contracted rheumatism in my arms and legs, and my suffering from that time on was simply more than I will ever be able to tell. I had to keep my arms and legs bandaged for weeks at a time, and wasn't able to walk a step. Of course I had to give up my work, and while I had the very best of treatment and tried all sorts of medicine, my condition just gradually got worse all the time.

"One day while in this awful condition, my son-in-law brought me a bottle of Tanlac and said he wanted me to give it a trial. Well, I took that bottle of Tanlac and it helped me so much that I just stuck right to it until I have now taken nine bottles, and I want to tell you this medicine has knocked my troubles sky high, and I am as free from pain and misery now as any man in this country. The rheumatism is gone, and the kidney trouble is a thing of the past, and my stomach is in such fine condition that I can eat three big meals every day and never suffer a particle afterwards. I sleep like a log at night, and have gained so much in weight and strength that I feel fine all the time. I do blacksmith work for my firm, and I am back on the job again, and for eight hours every day I make my old anvil ring just like I used to do when I was a young man. Yes, sir, Tanlac was a godsend to me, and now long as I live I will praise it for what it has done for me."

Tanlac is sold in Jacksonville by Coover & Shreve, in Mercedosia by Mr. R. B. Field, in Murrayville by M. E. Gilbert in Waverly by the Wylie Drug Co. in Woodstock by the Hoy Pharmacy and in Chapin by no Onken & Bro.

An Enemy of Womanhood
The complexion, digestion and almost the complete personality of woman are dependent upon health. Woman's ill is her great enemy, as they cause bad complexion, dark circles under the eyes, headache, backache, nervousness, sleeplessness, dragging-down pains and the blues, and often totally unfit her for a companion. The great American remedy for such conditions is Lydia E. Pinkham's Vegetable Compound, which has been restoring three generations of ailing women to health, and may be relied upon with perfect confidence.—Adv.

From County Agent's Office

An Old Hen—When conducting culling demonstrations we have frequently advised flock owners to dispose of all dual purpose hens over two years old and all Mediterranean breeds over three. These age limits do not always mark the limit of a hen's usefulness. In 1896 when W. W. Carter disposed of his dairy herd to E. E. McPhail, Mr. McPhail gave him a two year old bantam hen. This hen is still alive and actually raised a brood of chickens this summer. We shall leave it to the genealogist to figure out what particular title this ancient hen should bear. In the meantime cull your flocks, and market all of the hens mentioned in our previous recommendation.

Honest Stock Sales—There used to be a code of ethics in horse trading circles that permitted a trader to make any sort of statement that would put the trade over if it was a swap, but held him to the truth if it was a cash sale. In the first case the man getting the worst of it had no recourse, while in the second case he had legal redress. That code should not prevail in livestock sales. The men who are making good in the livestock sales are conducting the business on the square. In our recent sales of purebred swine, the animals were guaranteed as represented or money back. In the recent sale of dairy cattle by Messrs. French and Johnson, some commendable new features were introduced. Not only were the official milk tests given in percentage of butterfat, but also the total yield of milk and butter during the period of official test. Further, if a cow had any physical defect, or was not absolutely gentle the statement was so made. While this frankness caused certain cows to be sold at a discount, it certainly did cause the guaranteed ones to sell readily to satisfied customers. As the purebred business grows in this country let's keep the business in this country characterized by absolutely honesty.

Will the Farmer Go Alone?
The farmer is not responsible for the high cost of living. Strikes, high wages, excessive profits, and absolute extravagance are the causes. While these causes are on the increase the prices of hogs, cattle and corn are going downward. Will any reasonable person expect the farmer to go alone in the matter of producing while prices are falling or must we expect the great brotherhood of men to do its share? The farmers will go as far as anyone in this period of readjustment, but he will not go alone.

Hessian Fly—Our safe date for seeding was stated officially as Sept. 29th. A few fields were seeded before that time, but a great deal of it much later. When W. P. Flint, the chief field entomologist, was here Saturday, he made an inspection of wheat fields along the Vandalla road while going from Jacksonville to Waverly. The late sown field of Lester Reed was fly free, but the fields east of Pisgah had from 50 to 90 per cent infestation. At the present time the fly infested plant does not have a center shoot and the base of the plant. Later these will change to the flax seed stage. Frosts or a freeze may cause many of the larvae to die, but the chances are against the fly infested fields. On the very strong ground plants may be found trying to overcome the attack by stooling.

Culling Demonstration—A culling demonstration was given Tuesday morning at Earl Whites, on the Fox Farm, north of Chapin. Another will be given at 3 o'clock this afternoon at H. G. Strang's at Murrayville. This demonstration is given under the auspices of the Murrayville Domestic Science Club.

Meeting of Executive Committee and Advisory Council—A joint meeting of these two bodies was held in the County Agent's office at 2:30 p. m., Monday, Oct. 20th. There were present: Harry J. Rice, G. A. Leach, O. A. Rohrer, W. H. Crum, W. H. Rohrer, E. R. Hemmings, H. E. Kitchner, Charles T. Gaines, H. P. Joy and A. G. Brockhouse.

No formal action was taken in regard to a corn husking price. The farmers this year seem to have no difficulty in getting men to agree to husk at stated prices.

The County Agent last year that he would be in attendance at the District Conference of Farm Advisors at Springfield on Thursday and Friday, and offered to present any questions that those present had to suggest.

The members of the Advisory Council were informed that on the third Saturday in November it was their duty to call the members in their township together and elect a member to the advisory council. These members will in turn elect the executive committee on Dec. 15th.

Those present were unanimously in favor of a joint membership campaign for the Morgan County Farmers' Club and the Illinois Agricultural Association. The county agent was authorized to convey this information to J. C. Sailer, who is assistant secretary of the Illinois Agricultural Association.

COMMUNITY FORUM AT CONGREGATIONAL

Sunday Evening Meetings Will Be Resumed at Church Nov. 2nd and Will Continue Until Easter.

The Community Forum which was conducted at the Congregational church last winter will resume its Sunday evening meetings on November second and continue until next Easter. This venture in community religion follows the plans adopted by forums elsewhere in our country. The Brotherhood of the church which is promoting the forum will present speakers of national reputation who will discuss the social problems of today. The speakers will be of well-proven ability and power, who know their subjects and are able to present them in a pleasing and forceful manner.

The meetings will open at 7:30 p. m. with music and close with a question period when truth-seeking questions will be heard and answered with fairness and courtesy.

The object of the forums is the open, frank, fearless discussion of all matters of mutual concern in an orderly fashion with dignity, good-will, and toleration. The movement carries with it an immense promise of establishing fresh contacts between the church and the masses. It endeavors to discuss matters of vital interest in the light of the teachings of Christ and to apply his principles to life, to deal in an inspirational and constructive way with the tremendous social problems of the time. In this connection it is interesting to note that most of the speakers who appeared last winter and will appear the coming season are preachers.

The public is cordially invited to attend these Sunday evening services which are satisfying yet different.

The following speakers have been secured:

Gasoline Automobiles Made Into "Steamers"

That's the latest in the motor car world, and dozens of car owners are revealing an unusual interest in Joy Brother's Garage to find out how it is accomplished.

"They come in smoking from wasted gasoline and wasted lubricants and go out steaming with efficiency," Mr. Joy asserted. "We actually put steam into the gasoline and really make gas cars into steamers."

Mr. Joy, who is technically trained in engineering, had long known the necessity of getting moisture into the automobile engine. He searched the country for something to do this properly, and finally found it. The process is made possible for owners by the Automatic Carburetor, for which the garage has the exclusive agency here. Owners of cars assure the automobile expert the carburetor does more than he claims for it.

"The steam carburetor, for which automobile experts have labored for years, gives the automobile continuously the effects which the owner notes now on a rainy day," Mr. Joy said. "It puts live steam into the gasoline vapor. The steam, as automobile men know, eliminates carbon completely and keeps it

DEAR TIM:—

Say Buddy, I got an idea at the meeting the other night at the "Y." One man said that the "Y" couldn't be any bigger than the folks made it by their attendance and money. Do you know if you and I and every Jacksonville-ite would shake themselves loose from some of the moss-covered coin and green backs we could have a "Y" outfit as good as Galesburg, Monmouth, Streator and Peoria. I will do my very best to get one, what will you do?

That item in the paper about the income and expense for the "Y" last year, shows that every item had to be figured close and careful in order to make such a showing.

Let's all do what we can to give the "Y" a real honest chance in Jacksonville. I'll meet you in the "Y" tomorrow night.

BUY COAL THIS WEEK!

We have been preaching for some time on the advisability of buying coal early. Many have heeded our advice—but here remains quite a number who have not. To those we say—buy our coal this week. The unsettled condition of labor demands it. Cold weather soon will be upon us. Don't be caught with an empty bin. We guarantee honest weights and honest coal.

Successful Students Must Have Good Vision

The young men and women of today, who have successfully passed thru various stages of school life, have either had good eyesight or have worn glasses that gave them normal vision.

Without good vision good work is impossible. We overcome the prejudice against wearing glasses by making them pleasing to the eye and efficient in vision.

GRAIN TAKES A FURTHER TUMBLE

CHICAGO, Oct. 21.—Severe breaks in the value of hog more than outweighed all other factors in the corn market today. The result was a heavy close, 1 1/4 to 2 1/4 net lower, with December \$1.23 3/4 @ \$1.23 1/2 and May \$1.21 3/4 @ \$1.21 1/2. Oats finished 3/4 to 1/2 @ 1/2 off and provisions unchanged to 1/2 off down.

Notwithstanding that corn opened sharply higher sentiment quickly reversed itself. The upturn at the start was due entirely to announcement that on October 25 the railroad administration would restore the individual permit system for the movement of grain. Knowledge, however, that under the weight of excessive supplies the hog market was undergoing a big tumble took the lead soon as the dominating influence in regard to corn, especially after word came that hog prices in some cases had dropped \$1 a hundred weight, 15,000 hogs here would be left over tonight unsold.

Oats weakened with corn. Provisions reflected the collapse of the hog market.

There is hope for those who have suffered from so-called incurable disease and ailments and those who are not up to the mark in health and efficiency. That hope lies in Chiropractic.

Chiropractic (KI-RO-PRAK-TIC) is based upon the knowledge of the brain, spinal column, spinal cord and the nerves. Pressure on a nerve at the opening where it leaves the spinal column will cause disease in that organ or tissue at which the nerve ends. If the pressure is on the nerves that lead to the eyes, eye trouble often results. The Chiropractor adjusts with his hands and without drugs or knife the displaced vertebrae, which relieves the interference with the nerve force and enables Nature to restore normal conditions, or Health, in the affected organs.

The beneficial results which generally follow the use of Chiropractic adjustments, even in cases that are long standing and obstinate, demonstrate the merits of

The Dominion Bridge Company, of Montreal, has announced the intention of establishing factories for the manufacture of newsprint machinery and accessories. The Canadian news industry has depended chiefly upon England and the United States for its machinery.

Asked for confirmation of persistent rumors that the controlling stock in Victor Talking Machine Company was being transferred to du Pont interests, or that some scheme of consolidation with the Columbia Company was being considered, Eldridge R. Johnson, president of the Victor Company, denied the rumor in most positive and emphatic language. He added that there had not been any negotiations for its purchase or any suggestion of such negotiations from either side, and expressed the opinion that the rumors are circulated by interested parties who have stock for sale.

OBITUARY

Clara Marsh Henry was born at Bridgeville, N. York, August 3, 1849. Passed beyond October 17, 1919. She was the second daughter of J. N. and Thirzah Marsh. When about six years of age she came with her parents to Jacksonville, Ill., at which place she lived and received her education.

On January 4, 1876, she was united in marriage to John R. Henry at her home in Jacksonville.

The establishing of their home near Woodson, soon took place, after they made their home in the town of Woodson, where they have since resided.

In 1886 she united with the Christian church at Woodson, of which she has ever been a faithful and devoted member, being actively associated with all the church organizations. She was president of the Foreign and Home Missionary society for a period of years.

She is survived by her husband and the following children: Mrs. Jerome Culp of Jacksonville, Ill.; Mrs. Wilbur Kitcher of Lamar, Mo.; Howard Henry of Woodson; Oliver M. Herzy of Chicago; and nine grand-children. Two brothers and four sisters: Mrs. Mary Dunlap, Mrs. T. M. Tomlinson of Jacksonville; Mrs. J. T. Anderson of Los Angeles, Cal.; Mrs. George Quintal of Bluffs, sisters, Fred Marsh of Decatur, Ill., and Charles K. Marsh of Minneapolis, Minn., brothers. A host of other relatives and friends who all deeply mourn her loss, until the day break and the shadows flee away.
